To whom it may concern

Recommendation Letter for Diego Cortes

It is my pleasure to offer my highest recommendation for Diego Cortes, who served as an outstanding Marketing Assistant at Morpheus Space, Inc.

As a valued member of the marketing team, Diego consistently demonstrated a rare ability to translate complex space technology into clear, compelling visual communication. He took full ownership of our content creation pipeline, turning highly technical concepts into accessible, high-impact digital content. He also brought a strong analytical discipline to his work, using performance metrics, SEO, and data-driven insights to evaluate and strengthen our digital presence.

Diego also played a key role in the technical logistics and execution of major aerospace exhibitions and conferences. His attention to detail, sound judgment, and ability to coordinate complex setups under pressure ensured that our products and technology were presented with the highest level of professionalism.

With a major companywide strategical realignment, Diego's tenure at Morpheus Space has come to an end. He is a creative, dependable, and highly capable professional who would be an exceptional addition to any organization seeking top-tier talent in content production and marketing.

I offer this recommendation with complete confidence. Please feel free to contact me should you require any additional information.

Sincerely,

Daniel Bock
CTO, Managing Director & Founder
